
**CURRENT TRENDS IN INTERNATIONAL FUSION RESEARCH:
A REVIEW**

Washington, D.C., U.S.A., March 5-9, 2007
A Conference organized under the auspices of Fusion Reactor Technology, Inc.

**INSTRUCTIONS FOR PREPARATION OF
2-PAGE ABSTRACT**

In order to prepare a stylistically uniform Abstract Book for distribution on site to all participants to the Symposium, it is mandatory that the following rules on the preparation of the Abstract be strictly followed.

Format

The abstract must be contained within a 6 in x 9 in (15.24 cm x 22.9 cm) box leaving 1 in (25.4 mm) margin on the right and 1.5 (38.1 mm) in margin on the left of the sheet. Use white bond paper 8.5 in x 11 in (21.59 cm x 27.94 cm).

Type Size

Use 12-size Times New Roman font.

Title

Type in upper case, and do not underline. Center title in the writing portion of the sheet.

Authors

Full names (first name first). Omit degrees and titles. Type in upper and lower case. Do not underline. Center names in the writing portion of the sheet.

Address

Name of the institution, city, state, zip code, and country. Use two-letter state abbreviations. Type in upper and lower case. Do not underline. Center address in the writing portion of the sheet.

Text

Begin text four lines below the authors' address. Do not write the word "ABSTRACT". Indent all paragraphs 0.25 in (6.4 mm). Justify the entire text.

Spacing

Leave two spaces between title and authors' names. Use single space for the abstract text.

Figures

Paste or draw any figure required, as long as the two-page space is not exceeded for the abstract. Add a caption to each figure.

References

They should be quoted in the text within round brackets, in superscript format. Type references, at the end of the abstract, in the following style:

Journal references

R.G. Meyerand and A.F. Haught, *Phys. Rev. Letter.* **11**, 401 (1963).

Book references:

A.E. Milne, *Kinematical Relativity* (Oxford, 1948), p. 25.

THE ATTACHED SAMPLE PROVIDES THE PROPER GUIDELINES FOR PREPARING YOUR ABSTRACT

The 2-page abstract must be e-mailed, as an Attachment in Microsoft Word format, before 30 January 2007 to:

E. Panarella
